

Registered Nurse

Associate of Science

Join A Growing Career Field!

Registered Nurses (RNs) provide and coordinate patient care, educate patients and the public about various health conditions and provide advice and emotional support to patients and their families.

The Associate of Science Degree in Nursing (ASN) Program prepares the student for beginning level of practice and for National Council Licensure Examination (NCLEX) for Registered Nurses (RN). Graduates are prepared to enter the nursing profession as safe and effective health care professionals who contribute to the health and wellness of their communities.

Upon completion of the program, students are qualified to sit for NCLEX license examinations. The program has full approval from the NH Board of Nursing and national accreditation from the Accreditation Commission for Education in Nursing (ACEN). Graduates may obtain employment in a variety of different settings including (but not limited to) hospitals, private practices and residential care facilities.
